DEMOLAY

MASSACHUSETTS

The DeMolay Equation

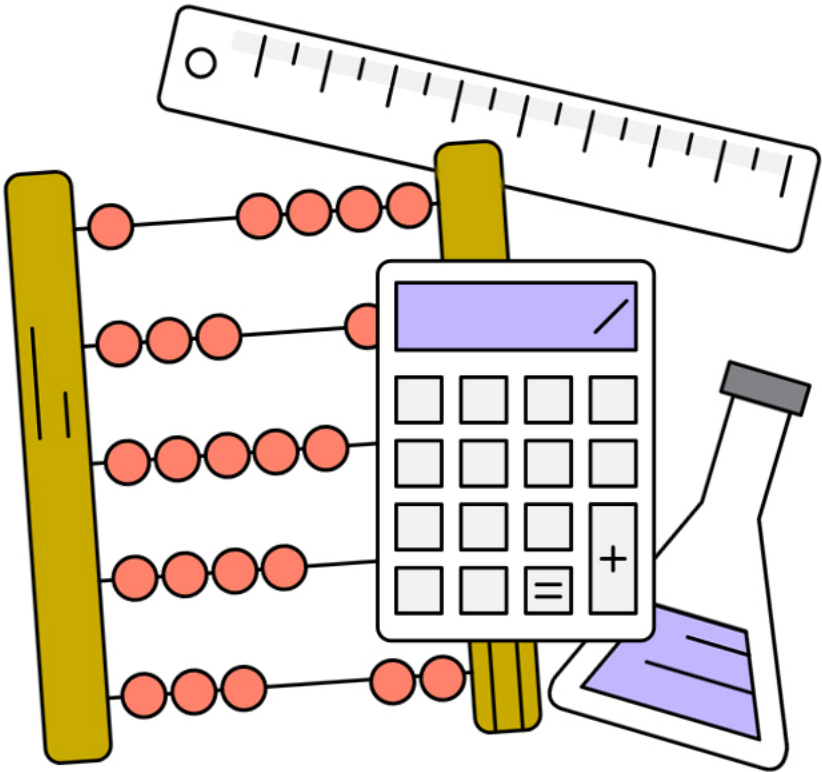

DeMolay + Members Success!

Massachusetts DeMolay has earned positive growth in membership for well over a decade. As we enter the 2018-2019 DeMolay Year, we look to continue that streak!

The DeMolay Equation

This year's program is aimed at growing our membership at the local chapter and promoting chapter independence. Planning and executing chapter events is one of the key elements to DeMolay and we want you to add it into your DeMolay Equation!

It is your chapter's objective to hold events and bring in new members and be richly rewarded! Your two-pronged objective comes with two separate sets of rewards. Ready to solve the equation? Flip the page!

Chapter Objectives

Youth-driven term plans and events are the cornerstone of DeMolay. It is your objective to complete this list of events without the help of the State Suite. Creating a well-rounded program around these objectives will help show potential members how awesome your chapter is!

One Installation Ceremony

One Initiatory Degree

One DeMolay Degree

Three Prospect Events

Three Civic Service Events

Teamwork and cooperation are at the heart of every DeMolay. While you can complete these objectives on your own, teaming up with another chapter (or multiple) can make planning and executing these events even better. Chapter Objectives can be completed in combination with other chapters, so get out there and start planning!

Chapter Objectives

If you and your chapter can successfully hold all of the events listed, then your chapter will have earned a chapter lab coat. If your chapter puts on more events than any other chapter, then you can even get it customized with your chapter's name on it!

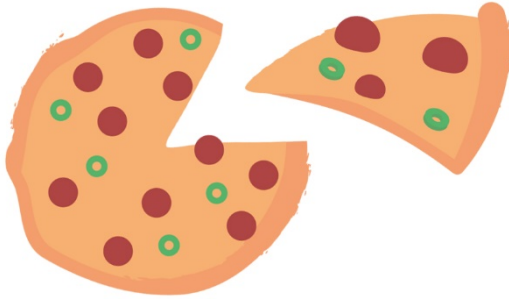

Membership Objectives

Members are the key to the DeMolay Equation. In addition to the Chapter Objectives, you and your chapter is tasked with bringing in new members. The rules here are simple, bring in members as a chapter, and win awesome prizes. What can you chapter take home?

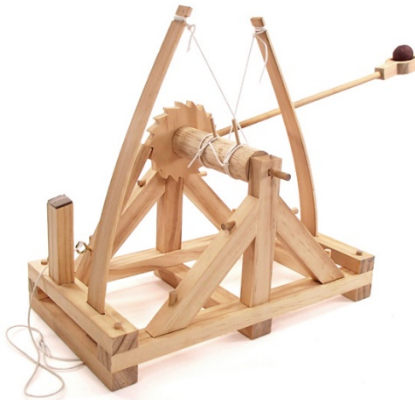

2 Members

Pizza Party hosted by the State Suite

4 Members

A Leonardo Da Vinci Catapult

Membership Objectives

6 Members Model Rocket Kit

12 Members Replica Cal of Duty Zombies Ray Gun

Get out there and solve the DeMolay Equation!
